RE: Beardsley Water Company – W-02074A-07-0616

Please allow this letter to amend certain portions of Beardsley Water Company's application to extend its certificate of convenience and necessity as follows:

From the requested area please delete that portion of property described as the Southwest quarter of the southeast quarter of Section 21, Township 5 North, Range 3 West and further described as Assessors Parcel Number 503-30-017B. The deletion of this forty acre parcel from the Application is based on the developer's position that the property is in a flood plain, making it economically not suitable for development, at this time.

The Number of dwelling units will be reduced from 300 as stated in the Application to 262 dwelling units. The reduction in dwelling units is due to the acreage reduction set forth above.

The construction cost estimate is changed from \$1,543,093.50 to \$1,338,385.00 due to the reduction of the 40 acres.

The remainder of the Application as noticed for hearing on June 5, 2008, remains unchanged.

Sincerely,

Fred T. Wilkinson
President
